 Kapolei, Hawaii 96707

Dear Mr. Young:

This letter is to inform you of the proposed archaeological monitoring of construction for projects determined to have "no historic properties affected" in accordance with the Stryker Brigade Combat Team (SBCT) Programmatic Agreement (PA), dated January 30, 2004 and signed by you on February 9, 2004.

The projects listed in Table 1 are deemed to be in areas with a potential probability of disturbing unknown archaeological sites. In accordance with Stipulations III.E. and V.A., an archaeologist and Cultural Monitor will monitor all ground disturbing activity for these projects. The projects listed in Table 2 are deemed to be in areas that have a low probability of disturbing any unknown archaeological sites. Thus, the Army proposes to have an archaeologist on call, rather than on hand, during construction of these projects in case of inadvertent discoveries.

For projects in the above tables that are proposed after October 2004, we will send you a reminder letter closer to final design to confirm the proposed monitoring plan for those projects. Enclosures 1 and 2 are maps showing the proposed project locations for these and other SBCT proposed construction activities.

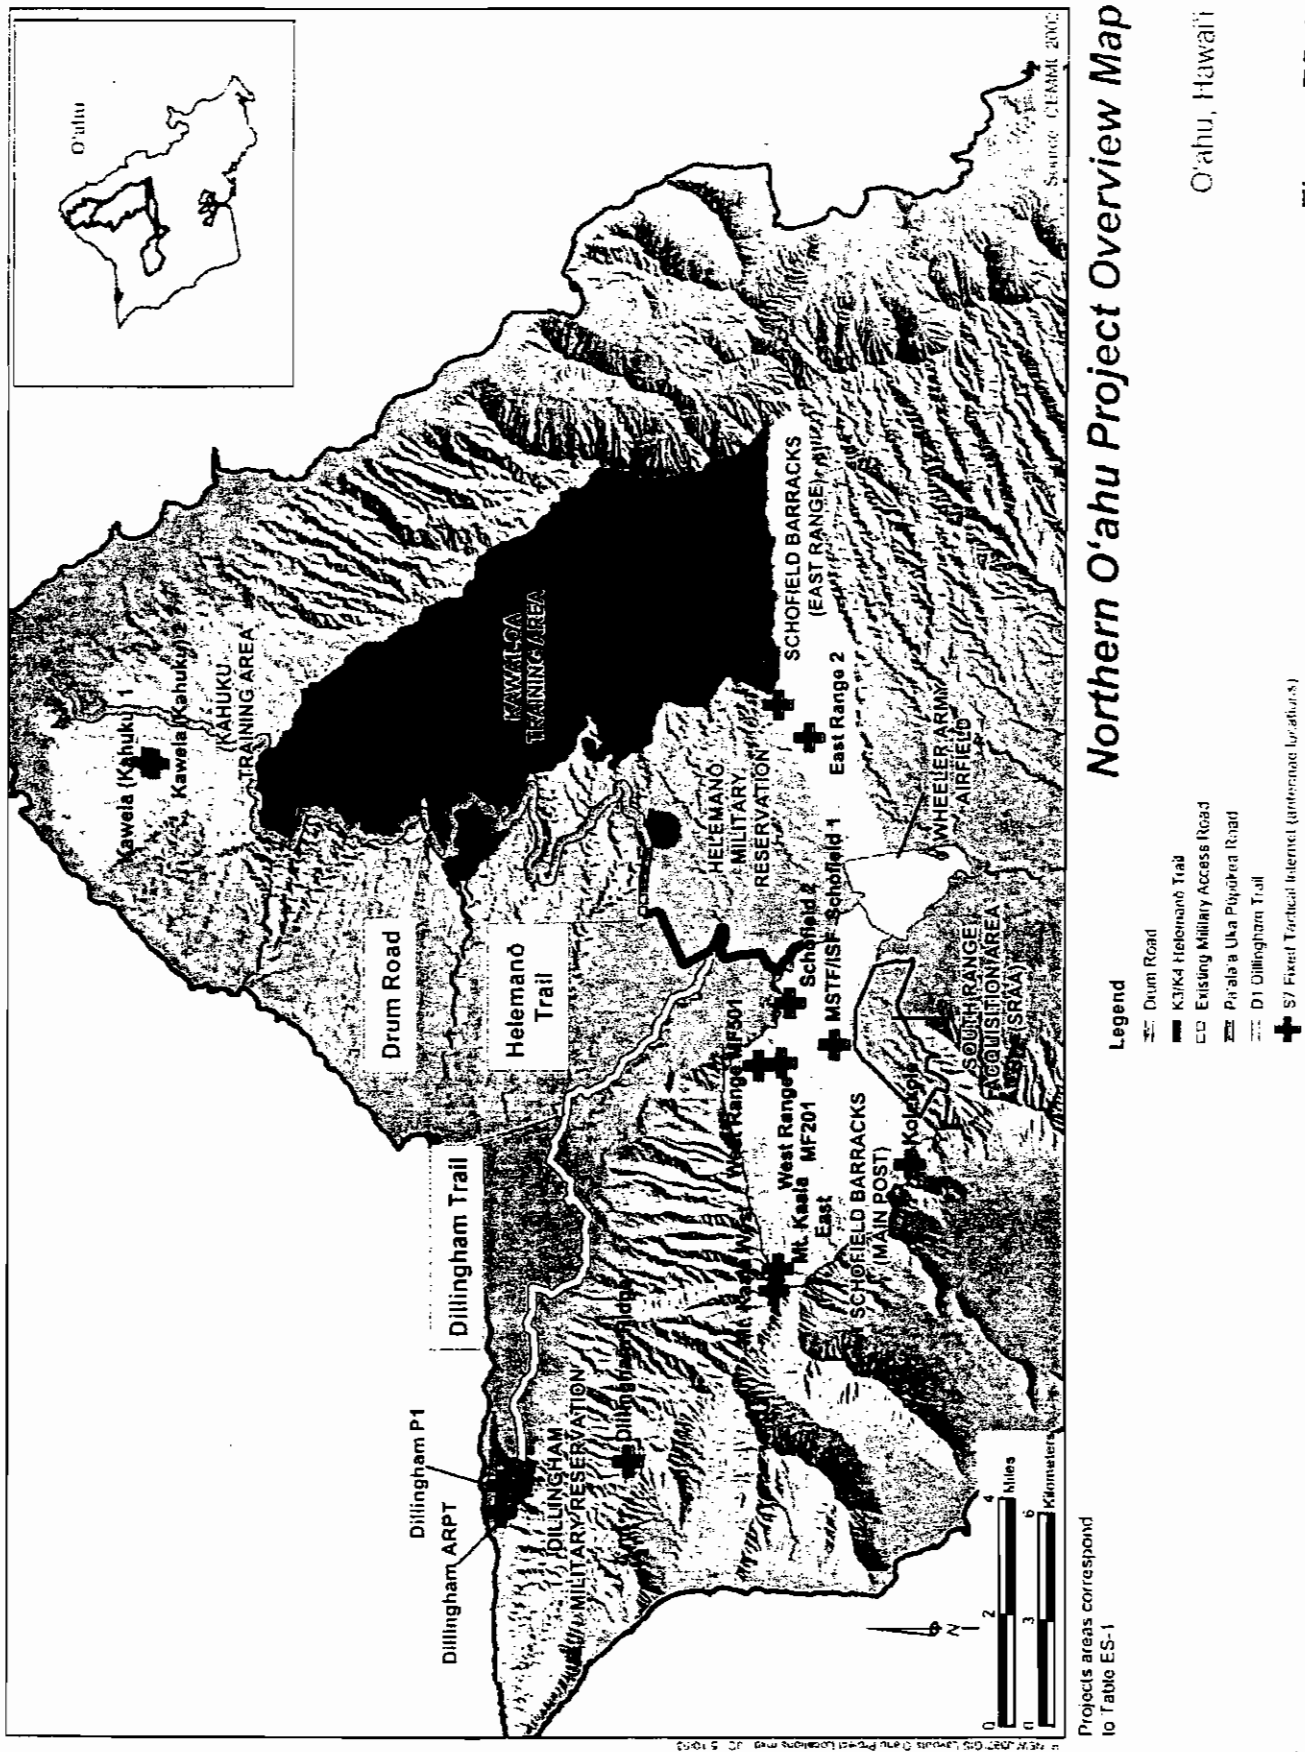

If you or the parties listed in the enclosed distribution list (Enclosure 3) have any comments or concerns on these projects and the proposed monitoring, please notify us within 30 days of the date of this letter. If we do not hear from you within the 30 day timeframe, we will assume that you and the parties listed in the enclosed distribution list concur with the proposed monitoring plan. Should you require additional information about the draft report, the point of contact is Dr. Laurie Lucking, Installation Cultural Resource Manager, at telephone number 656-2878 ext. 1052.

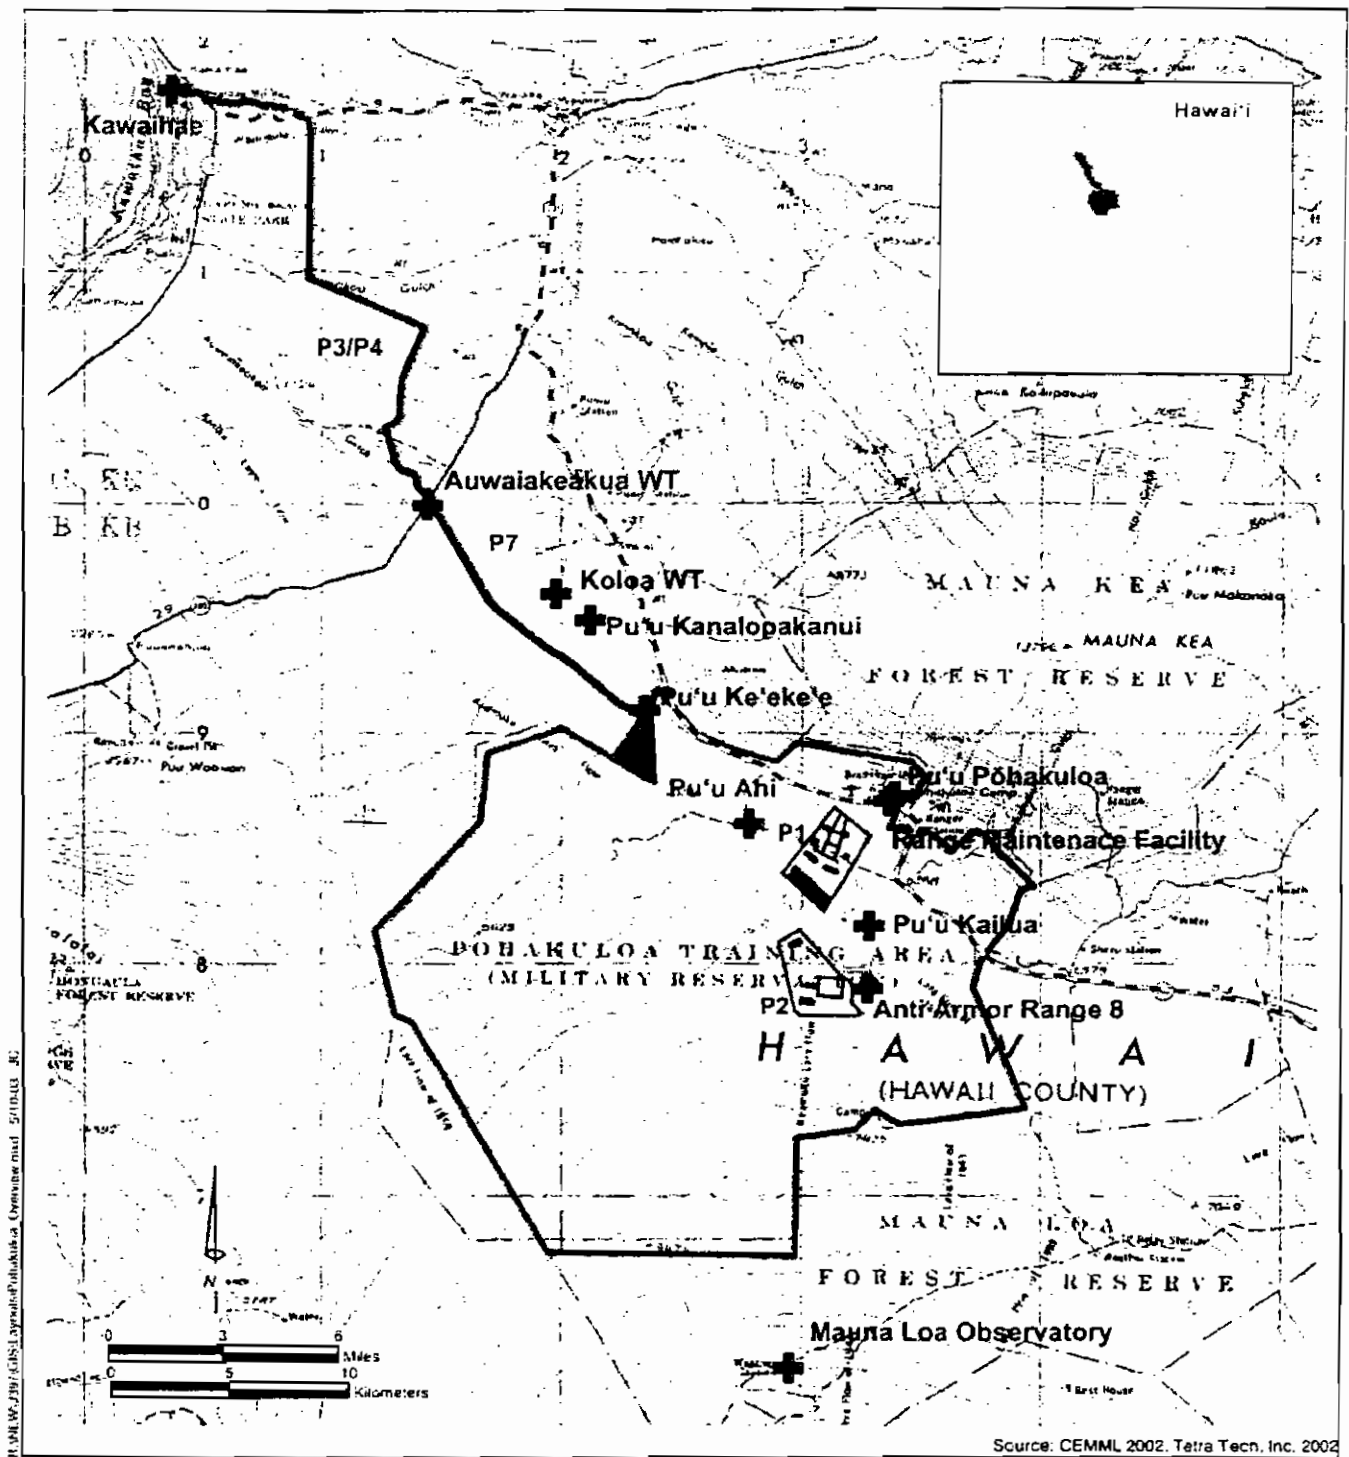

Sincerely,

Howard J. Killian
Colonel, US Army
Commanding
